

Opening an Image from the Fabric Studio Libraries

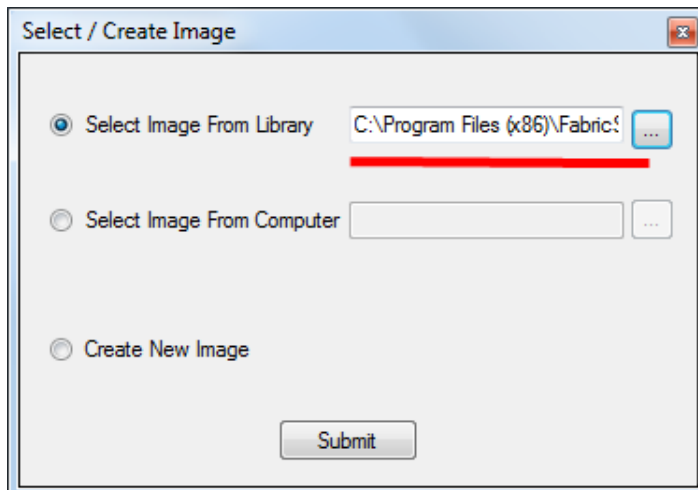

- Go to **Pattern Design Box** on your Workspace

- Click on **Select/Create Image**
- To select an image from one of the Fabric Studio Libraries-Click on **button** on the far right

- All the different Fabric Studio Libraries that are installed on your Computer will appear in order.
Double click on an individual Library to access images within that Library
- Click on image so it is highlighted
- Click on the open button at the bottom of the window
- Your Select/Create Image will now appear with your image selection attached

- Click on Submit
- Your image will now appear on your Fabric Studio Workspace
